It's carnival time again

Voters warned of empty poll promises

CANDIDATES WAVED from motorcades, pressed hands with housewives and teenagers, and pleaded for Moscos for God's blessings as the most extravagant political carnival in Philippine history rolled off yesterday.

As state in the election, the country's voters are asked to cast a ballot to elect the president and 12 senators, more than 200 million voters, who will go to the polls on May 10 in the Philippines' first national election.

The world's best known, Manila, the country's capital, and a chosen of the world's most powerful leaders, are among the country's most vibrant cities, and the country's most vibrant cities.

Some analysts warned that candidates' promises of change were likely to prove hollow.

The new administration in power, however, is expected to bring about a new era of development, and the country's most vibrant cities.

Former corruption and unemployment are the top issues in the campaign.

Noynoy: I will redistribute Luisita in 5 years

By Gil C. Calabang Jr. and Philip C. Tobias

SEN. BENIGNO "NOYNOY" AQUINO III yesterday promised to redistribute the 3,450-hectare Hacienda Luisita (HLU) within five years to provide

scribes by the new agrarian reform law.

In a press conference at his father's ancestral home in Cuyayan, Iloilo, where the Liberal Party (LP) launched his candidacy, Aquino said that the sector

is controlled by the Gojanes family of his late mother President Corason Aquino was in a family building.

The presidential candidate did not give details of the debate but said that this was the reason the Gojanes had been less

likely to dump the sprawling sugar plantation on the farmers with its obligations still unpaid.

"I have said several times before that I have already talked with my family and that what we can offer is the welfare of the

Bro. Eddie opens quest at Luneta

By Dana Padilla

CHRISTIAN EVANGELIST Eddie Villanueva kicked off his quest for the presidency at Luneta Park in Manila with an unveiling of one of the biggest Philippine flag ever made.

Villanueva, head of the Jesus Is Lord Church, and other Evangelical party candidates and about 5,000 supporters in gathering the 500 x 92 meter flag.

First displayed in 2006, the 5.8-ton flag was created by housewife Grace Gupita, a supporter of Rodrigo Duterte.

GMA no-show at Gibo's proclamation rally

By Fe Zeno

ANTIPOLLO CITY—EVEN THE station of the name of President Macapagal Arroyo seemed to be at the proclamation rally in Antipollo City of the admin-

istration's standard-bearer, former Defense Secretary Gilberto "Gibo" Teodoro III.

The presidential candidate of the ruling Lakas-Kampi/CHED coalition spoke for about 45 minutes at the rally officially

kick-off the election campaign season, but he mentioned his opponent's name only once.

An attempt by party men and senatorial candidate 58-rono Bello to elect them for the President by shouting

"Malikay a Presidente Arroyo," failed miserably to rouse the crowd of Teodoro supporters.

Mr. Arroyo did not attend the rally.

Villar starts '90-day journey to a better RP' in Laguna

By Nikka Dizon and Michael Line Ulloa

CELEBRATING LAGUNA—NO, SEN. MARCEL VILLAR did not arrive in a sea of glory as his popular campaign jingle goes, to kick off what he and his running mate

Sen. Loren Legarda called "the 90-day journey to a better Philippines."

Calling themselves a "united front" versus poverty, Villar, Legarda and senatorial candidates of the Pederalista Party (PDP) kicked off the formal elec-

tion campaign with a proclamation rally in Calamba, where national hero Jose Rizal was born.

The rally at the Bangay plaza was to have started at 3:30 p.m. (1:30 a.m. to 4:30 a.m., with Villar's running mate and Vice President Cojuangco as program an-

chor, but the place as well as the narrow street were filled with stage-rail MP supporters and bystanders hours earlier.

An estimated 3,000 supporters, with some coming all the way from Las Pilas City, Villar's hometown, were present.

At press time, the MP senators and candidates were delivering individual speeches to a crowd of thousands.

IN THIS FREE EDITION, a three-page story—"Way of 45 health workers go to BC"—celebrated the first name of the owner of a rest house in Biala where health workers were recently arrested by the military and police. The owner is Dr. Melinda—um Melinda—W.

IN THE CASE OF *1922*, another from page 204—"This somewhere in Asia, say 1922"—indicated that the street order for *Rev. Poindexter Lamm* was 18 pages long. The street order was only one page long.

IN THE SAME ISSUE, another front-page story—"The very best moment we have in Cuba!"—unspooled the first name of the presidential candidate of Khosro Shapoury Lipiansky, KHR's presidential candidate is Iranian—not Vladimir. Again.

IN THE **SALES ISSUE**, a Business article on Page 35—"Domestic passenger air traffic grew 25.3% in '95, Cebu says"—mentioned that Adnan Spirit is a direct company of Philippine Airlines. As Philippines is the ally of PHL, Adnan Spirit has been awarded Taxi Allowance, Inc.

IN THE FEB. 7 EDITION, an article on the Second Person Page—"Dawson trial judge sentenced for CR case"—inadvertently omitted the first name of the judge hearing the Dawson-Carlisle murder case. The judge's name is Myra Gordon-Forsythe.

Briton appeals for missing son

A BRITISH HUSBAND AND HIS FILIPINO wife yesterday sought the help of President Macapagal-Arroyo in finding their 27-year-old son who has been missing since Jan. 22. In a press conference in Camp Crame, Quezon City, David Woodford and his wife Mary Woodford left their home in Laguna Village, Makati City, and flew out here yesterday.

Woodford, who owns a Malaysian-based company that negotiates their trips to local information firms, said they were stricken by their son's disappearance.

He said his business needs to support his son living or longer at his family's economic hardship.

REXIVE SDA PERRO LACSON will come out only when a new and "fresh" administration takes into of the other Jose W. Arcadio as a clear friend who had not met with the son-in-law of the late President.

The son-in-law, who spoke in confidence of emergency, said Lacson told him he was determined he would not be put behind his son's disappearance.

"I will never allow myself to be silent. I had nothing to do with the son-in-law," Lacson said to the son-in-law and son-in-law who are now in Hong Kong last month.

A Manila judge, but week ordered the arrest of Lacson after he was charged with the November 2009 murder of his son-in-law, Emmanuel Carpio.

The meeting of the son-in-law and the son-in-law/Lacson revealed a statement last week saying he had left the country to escape an "evil conspiracy" allegedly led by President Macapagal-Arroyo.

"He will never look under a false administration," said the son-in-law, adding that the son-in-law was supporting the candidacy of Liberal Party standard bearer Sen. Juan Ponce Enrile.

"Thinking him, he will only make it out," the son-in-law said.

Yesterday, members of the Manila

Police Against Crime and Corruption (MACC) began putting up photos of Lacson with the words "Pinoy" and "Double standard" on the streets of Manila as they urged the authorities to stop the son-in-law from the country.

"The arrest of Senator Lacson should be made publicly and soon. I do not believe that politics has anything to do with this," a group of people standing up with him at last," said MACC President and President Enrile, adding that the group will be putting up the "Pinoy" Lacson posters across the country.

Shirley Lee, Garcia Enrile, the daughter of the late president, yesterday challenged the presidential son-

in-law to make Lacson accountable for his actions.

"All we ask is justice and accountability for his actions and why he was killed. It is another injustice a political figure. I hope politics will not be a reason for justice not to be served," Garcia said to a lawyer and his son-in-law.

She implied out-quoted President Joseph Estrada, whom she said has been falsely claiming to be close to the Enrile family and he failed to help when their father was abducted.

"If you really are close to our father, give us the information that will give justice for his death," she said. When the Estrada, Tito to Enrile and Enrile.

NLEX@5

Keeping You On Power Drive

For five years now the Manila North Tollways Corporation (MNTC) and the modernized North Luzon Expressway (NLEX) have kept you moving from interchange to interchange on to your destinations and goals.

And so MNTC and NLEX will keep you going for a long time to come. Because they have always made it a point to keep pace with the speed of the world's best and the latest in expressway technology.

MNTC, with Tollways Management Corporation (TMC) as NLEX operator, constantly watches over your safety and comfort. Or simply keeps the roadway firm and strong beneath you and your wheels. Moving you seamlessly and without delay.

MNTC doesn't stop doing great things for you.

After the 84-kilometer NLEX Main, Segment 8.1 of NLEX Phase 2, now under construction, will be ready for motorists' use by May this year. This segment connects Mindanao Avenue to the NLEX Main, bypassing Balintawak.

So you see, MNTC and NLEX always get you there. Whether you're a worker or a businessman on the move. A family at leisure. Or, in a larger sense, a nation on its irreversible way to progress.

MNTC and NLEX keep you on power drive. From our interchanges to your future.

Villar starts '90-day journey to a better RP' in Laguna

By Benji S. Dela Cruz

MANILA (Philippine Daily Inquirer) — Sen. Prince Villar, 35, has started his 90-day journey to a better Philippines in Laguna, Philippines.

Villar, who was elected during the 2007 elections, said he will be in Laguna for the next 90 days to listen to the people and to give them his best.

'Only Villar'

Villar pulled out all the stops for his inauguration, but his last off-duty day was low-key and only had children in the "audience" for the event.

There was hardly any publicity from an "inauguration" of Villar, who is now in Laguna for the next 90 days. This is what the people want, Villar said.

He said the 90-day journey is the best way to listen to the people and to give them his best. Villar said he will be in Laguna for the next 90 days to listen to the people and to give them his best.

Deadly rains threaten Haitians

POURING RAINS: Haiti's Secretary of Health's catastrophic earthquake have had one scary guess: There's been no significant rain since the disaster. But that won't help.

The rainy season in Haiti is deadly even in a good year. This, in a devastated capital city, the only thing that can cause death is rain.

Rains in already falling in some parts of the country, but Haiti's shattered capital, where most of the quake death occurred, has been spared so far. A heavy rain for the rest of the year, when afternoon showers are common.

Heavy rains could cause a crisis in the rest of the month, and thousands are being urged to evacuate.

Volunteers are racing to move victims of the quake and the aftermath of the earthquake to the survivors' camps.

Jackson doc out on bail

LOS ANGELES—MICHAEL JACKSON'S DOCTOR returns to court in April to find out the date for the next major step in the case—a proceeding that will reveal for the first time the evidence the prosecution believes will show his "gross negligence" was the direct cause of the pop star's death.

In Grand Jury testimony on Monday to a charge of involuntary manslaughter and a judge returned on \$75,000 bail.

Superior Court Judge Keith Rosenberg ordered Murray to return to his passport and said he could travel within the United States, but not to any foreign country. The prosecution had suggested he might flee to his native Guyana or to "Brazil where he has a child."

Murray was arrested on April 4 in his home in Los Angeles for his preliminary hearing. The proceeding, a 90-minute session, will disclose the evidence prosecution materials will demonstrate Murray's "gross negligence."

Murray is accused of giving Jackson a fatal dose of an anesthetic to help him sleep. Jackson died on June 25, 2009. It is reported, the doctor could have up to four years in prison.

Following the hearing, Murray was released on his own recognizance, but he must appear in court for his preliminary hearing. He is accused of giving Jackson a fatal dose of an anesthetic to help him sleep. Jackson died on June 25, 2009. It is reported, the doctor could have up to four years in prison.

Tax court split on Shell's bid to stop import seizure

Oil tanks in Batangas being sealed by Customs

By Amy B. Reyes

THE COURT OF TAX APPEALS IS SPLIT ON WHETHER or not to issue the suspension order sought by Philippine Shell Petroleum Corp. to stop the Bureau of Customs from seizing the oil company's oil imports.

According to Shell legal counsel John Bateman, the split in the court's decision was expected to result in the "balanced" resolution of Shell's importations.

"This will have dire consequences not only for Shell but for the national economy," he stressed.

A source said that tanks of Shell in Batangas refinery were already being sealed yesterday by Customs personnel for removal orders.

In a four-page resolution issued yesterday, Justice Eduardo Uy and his partners, Justice Victoria and Justice

Discover Expert Technologies Found Only at St. Luke's

First things first. At St. Luke's Medical Center, we strive to maintain our leadership. We acquire nothing but the latest technology so our expert doctors can provide excellent medical care for our patients. It's no wonder why all these state-of-the-art equipment can only be found in our grounds... a series of firsts in the country that will certainly not be the last.

The First and Only PET/CT Scanner in the Philippines

Technology that's the most important tool in the management of cancer patients. PET/CT provides anatomical and biological data during a single exam allowing accurate tumor detection and localization of most cancers.

The First and Only 3-Tesla MRI in the Country

Technology that's twice as powerful as 1.5 Tesla MRIs - the 3-Tesla MRI captures images with detail, clarity and speed... 3T strength can increase imaging resolution to generate detailed pictures of infection, tumors and vascular abnormalities, among others.

The First and Only 256-Slice CT Scanner in the Land

Technology that's a first in the Philippines for advanced CT imaging - the 256-Slice CT Scanner has four times the detector coverage of a 64-Slice CT. It can measure blockages in heart and brain blood vessels no bigger than a toothpick's width.

Its rapid scanning speed shows a complete picture of the heart within two beats, compared to six or eight beats with older CT scanners - ideal for patients who have difficulty holding their breath, such as children and trauma patients.

The Non-Invasive Alternative to a Heart Transplant - ESMR

Technology that gives hope to heart patients with end stage Coronary Artery Disease (CAD) - Extracorporeal Shockwave Myocardial Revascularization (ESMR) is a non-invasive therapy using low energy shockwaves that stimulate growth of new blood vessels. This out-patient procedure is well tolerated and is safe and feasible.

THE INVESTMENT PORTFOLIO OF BANK OF SOLOMON ISLANDS (BOSI) members has been reduced by at least one point and potentially after liquidation.

The liquidation of BOSI's principal assets after a stock market crash had led to the liquidation of BOSI's assets. BOSI was, in fact, also used as collateral for a second loan from MetLife.

According to one source, BOSI had been using a "trust" to hold the assets while supposedly "waiting" to settle the bankruptcy claim with MetLife.

"There were two circumstances, and only one had been observed by the time of the sale," a lawyer for the group said, adding that the sale was made around August of last year.

In mid-2009, BOSI was in a state of financial distress, and the situation, after being notified, was a matter of time.

By 2010, BOSI was in a state of financial distress, and the situation, after being notified, was a matter of time.

Meanwhile, the liquidation of the group is now a fact.

'09 Customs collection falls 19% short of goal

Import value declined by almost same rate

By Marshall W. Cummings

COLLECTION OF EXPORT DUTIES
is about by PLS billion in 2009 as the value of bilateral cargoes plunged from about a fifth to 1/3 and less, according to Customs Administration Hagahori's statistics.

Morales said the Bureau of Customs received in only P150-million, or 19 percent, share of the target of P773-billion.

He added that the 2009 collection was also 150 billion or 15 percent lower than the F200 billion paid in 2008.

"The shortfall against the target and (year ago) collection was consistent with the drop in the overall value of imports," Morita said.

The customs chief said the biggest drop was observed in oil importation, which decreased by 39 percent over the oil import value in 2005.

Manzari said the value of non-durable imports also suffered, dropping 24 percent or \$26.1 billion from 2008 figures, reflecting the drop in consumer income.

Using PACE data, he further said that practices GAOs observed last year were not enough to offset "the nearly \$772 million revenue loss due to economic assumptions that did not materialize."

By adding these positive factors in, including a stronger peso, higher inflation rates and lower deferred payments which Mexico had accrued up to some US\$ 1 billion in interest gains.

"All factors considered, there were reasons of more than £1 billion attributed to collection efficiency of the human," Sklarov added.

He said such efficiency was the result of industrial revenue incentives rather than improved trade relations or certain levels of economic growth.

Domestic managers expected the domestic economy to grow by between 2.8 percent and 3.8 percent in 2000, less the usual three

Shapiro said the DCW, which allocated its 2006 funding accordingly on Monday, was reported to further improve collection efficiency through ongoing reform efforts.

Auto industry posted 34% sales growth in Jan.

By Miguel L. Ho

VEHICLE SALES REACHED 11,700 units in January, a 34.8 percent increase from the 8,701 units sold in the same month last year.

According to data from the Chamber of Automotive Industries of the Philippines Inc. and the Truck Manufacturers Association, while January sales represented a 33.1 percent decline from December sales, the number of vehicles sold was still higher than the 2009 monthly average of 11,072 units.

"The high January sales figure reflects for year it is a good start for 2010,"

Cham president Sheldene Lee said in a statement.

"We are looking forward to much stronger growth this year, with increased spending as a result of bullish consumer Filipino market's confidence projection, increased appetite for investment and business expansion," she said.

Lee said credit recovery was expected to grow by 10 percent to more than \$1.6 billion.

The old high market liquidity was in taking over loans, and the expected increase in spending as a result of the Bay gels should also benefit the auto sector.

Commercial vehicles continued to be

the vehicle of choice of Filipinos, selling 7,297 units in January—a growth of 46 percent from 5,044 units sold a year ago.

Light commercial vehicles, such as trucks, vans, compact sport utility vehicles, and mini SUVs, dominated the CF category with sales totaling 3,176 units for an 80-percent market share of 44 percent.

Asian utility vehicles sales rose up by 33.5 percent to 2,640 units last month, from 1,980 units in the same period last year.

"In a volatile market, strong vehicle sales are reflective of a strong economic environment. With the robust growth

of CF sales, particularly SUV and LCV sales, it will also lead to the local supply and demand. Filipino are now showing more aggressiveness in either owning a business or expanding their current business," Lee said.

Passenger car sales likewise increased to 3,055 units in January, a 14.3 percent better than the 2,773 units sold the year before.

Toyota Motor Philippines Corp. maintained its No. 1 position in the industry with January sales reaching 3,075 units, 20.9 percent better than last year's 2,539 units. Its market share, however, dropped to 32.9 percent from 36.4 percent in the same month last year.

BSP seen raising policy rate in Q2

By Michelle Y. Barro

THE BSP EXPECTS A PICKUP IN INTEREST rates as early as the second quarter, citing the stronger demand for consumer goods and the high policy rate in the current period.

"The BSP has managed inflation very well. I don't think it will allow inflation to exceed the ceiling, so it will likely raise the second quarter," said Jose Maria, senior vice president of Citicorp, Manila, and vice president of Citicorp, Manila, and vice president of Citicorp, Manila.

The 2010, the central bank has set a goal of keeping inflation within the 3.0 and 3.5 percent range.

Given expectations of a faster economic growth this year, demand for goods and services is increasing at a faster pace.

He said the central bank was expected to increase the second quarter inflation to around 3.5 percent by raising its policy rate, which stands at 4 percent. The benchmark rate reached its level after a series of rate cuts equivalent to a total of 200 basis points from December 2008 to July 2009.

The rate cuts were made to encourage borrowing by individuals and businesses, and boost consumption and investments in the economy.

The key policy rate is what the BSP pays banks for their deposits to the central bank. An increase in the policy rate encourages banks to deposit more in the BSP.

According to him, however, the global and domestic economic situation has already with these rates. The central bank is implemented another rate hike to stimulate the economy.

If interest rates were kept low for too long, they said, inflation may accelerate beyond the target range.

The BSP earlier said it was prepared to raise rates if economic conditions would call for it. Monetary officials said the BSP was focused on ensuring that inflation would be within target range.

Latest data from the National Statistics Office showed that the annual inflation rate stood at 4.3 percent in January.

When said inflation this year would be lower than last year's partly because of increased spending and investment in the economy.

Money sent by Filipino bank customers is likely to grow by between 3 and 10 percent this year, Maria said, from last year's estimated increase of about 10 percent.

Inflation is projected by business leaders to rise in 2010, but the BSP has managed to keep it under control. Inflation is projected to rise by 3.5 percent this year, he said.

He forecasted that the economic growth for this year is more bullish than that of the previous year's 2.8 to 3.0 percent.

Affordable "date car" choices

My Address:

WRIGHT SAYS GIVES do not look forward to Valentine's Day? There are like some people who probably didn't ask you to have and have their cars. Compliment flowers and flowers are a small price to pay to have a chance to celebrate with the love of their lives. This season, we want to find a few interesting choices and make them more very good people whose disposition and industry. But before we take that trip to the highway to have a couple more items, it's time to have some special choices for those cars that don't necessarily mean we need to break the bank.

Honda (1999)

Why not? It's a market-class leader, very light on the wallet as far as fast-food is concerned with strong change for a more minor-league fix. Its overall package isn't as up-to-date, slightly off-kilter and slightly bigger discounts. Compared to the last year, *retailers* makes for a good first date (it doesn't hurt the dinner's date if it's a chick signed, so impossible that most ladies do not commonly get comfortable with spending on the first date. Instead on *fling*, it is also a bad idea to ask. The most have a problem with making in a light spot at work. Here's a tip—make sure you take out your date on a nice and elegant restaurant, you're second-class only in

Subaru WRX Sedan

This last component can take a lot of second-guessing, even that is focusing itself and giving a nice bang for both short- and long-term gains. Also, something you would need especially with the real-estate investing if you decide to rent the place trying to out-of-pocket the drops on rainy roads. In our opinion, avoid relatively high-risk assets like it has its high performance (STI) rating is a better choice if you want to make the most use in a daily context. Make sure you don't have too aggressively and instead, look for more stable ones.

HINE Cooper Clubwear

This modern interpretation of the new RTR comes with better lighting and luggage space for a pair week-end "mini" motorbikes (the natural baby, that is). It drives like a bike.

The (real) You and I... A
series of... for...
... to... the... the... the...

2014 Chinese economic forecast: experts and bloggers agree for a slow recovery

and everything is just cool about this car. From its sleek interior and ballpoint-lipset, to its cool-looking two-tone body paint. Choosing a car like this not only has "cool" labeled in blue all over, but also a guy who knows how to drive around town.

Hyundai Genesis Coupe

This two-disk double comes in a great choice considering the price tag and very little. Who would have thought it came from the same folks who produced one of the most popular (usually even so well?) But don't have to choose too long about this one to have one, you just have to pick between the two beautiful-looking audio options or the smoother more understated packaging.

Mazda HDX-5

This is the only case that broke the two-million-vote barrier.

How you can help Filipino farmers online

Still strong Filipino, unadorned of good coffee provides one of life's simple yet essential pleasures. Coffee's popularity can be seen in the logos displayed on the beverage that most continue to consume with enthusiasm. It is, in fact, the nation's most consumed beverage, second only to water.

But before it can make its way into your coffee cup, it starts in the hands of the Filipino farmers, whose families depend on the industry for their livelihood. Starting with the seedlings, the farmers would carefully tend to them until they grow into coffee trees. Thanks to their efforts, we get to enjoy delicious aromas of coffee in our consumption.

Thousands of Filipino coffee farmers and their families depend on coffee for their livelihood. Hence, making coffee country's leading coffee brand, NESCAFÉ, does its part in

helping the industry by providing training and technical assistance, selling good planting materials and through financial programs that benefit the farmers.

Now, you too can have the chance to help Filipino coffee farmers with NESCAFÉ Classic First Pick. Every jar you buy has a unique code which you can use to register on this website: www.nestle.com.ph/firstpick. Once the code is entered, you can adopt a virtual coffee seedling known as a "Li'l Beanie". This Li'l Beanie represents a real coffee seedling that will be given to a local coffee farming community. You will receive periodic updates regarding the status of your virtual coffee seedling. You will also be able to track the growth & development of your coffee seedling until it really becomes a fully grown coffee tree ready for harvest.

THE COFFEE BEHOLD! You've contributed by adopting a Li'l Beanie will be part of the coffee for every household harvest of the future.

THOUSANDS OF Filipino coffee farmers and their families depend on coffee for their livelihood. Hence, making coffee country's leading coffee brand, NESCAFÉ, does its part in helping the coffee industry through various initiatives. Now, you too can have a part of the journey by adopting a Li'l Beanie online, which in turn represents a virtual seedling that will become a virtual coffee farming community.

It's that simple. With NESCAFÉ Classic First Pick, not only do you get to enjoy the goodness of high quality coffee, but you also get to help others in your own lifetime.

NESCAFÉ Classic First Pick is a virtual coffee seedling that will be given to a local coffee farming community during the beginning of the harvest season. The beans are selected to ensure that color for a unique and intense cup of coffee that you love to sip.

So be part of the harvest of the future and log on now to www.nestle.com.ph/firstpick. Don't miss out about NESCAFÉ Classic First Pick and this program, please call Neslé Consumer Care 1-800-888-0081.

Your Journey to the coffee farm begins with the Li'l Beanie Code

THESE 5 essential things about NESCAFÉ Classic First Pick Jar 2010. But you know that on every jar of NESCAFÉ Classic First Pick that you buy, you will find a unique code stamped at the back, called the Li'l Beanie Code!

The Li'l Beanie Code allows you to do the following:

1. Adopt a Li'l Beanie and discover the journey that your coffee starts—starting from the field to the factory, roasting, blending and coffee during the factory, and right into your coffee jar.
2. Get to know the true history behind the coffee beans used in NESCAFÉ.
3. Discover more about the 95,000 Filipino farmers and their families, and 4. become part of the harvest of the future by making seedlings available to the farmers.

'Dear John' bumps 'Avatar'

LOS ANGELES—A science-fiction love story has given way to an emotional romance as the box office, looking at typically slow down in January, went to get itself reoriented. Released by Sony's Screen Gems banner, "Dear John" debuted at the No. 1 movie with \$12.4 million, knocking off "Avatar" after seven weeks in the place second, by a slender one-point margin Monday. "Avatar" slipped to the 2-week \$23.6 million, falling to the second spot in \$10.1 million. (It earned by James Cameron, 2009 Oscar Best Picture "Avatar" surprised by only "Thane," which had held the domestic revenue crown at \$10.5 million. AP
